## **Job Description**

### **Job Summary**

Pacific Yacht Systems Inc. (PYS) is a marine electrical and electronic systems specialist based in Vancouver, BC. We provide services to recreational vessels throughout the Lower Mainland and other areas of coastal British Columbia. For more information on the company, visit our website at <http://www.pysystems.ca>

PYS is currently seeking a full-time Marine Electrician. The position involves installing, troubleshooting, and servicing A/C and D/C systems in a marine environment, as well as installation of navigation, communications, and entertainment electronics. It's never the same job twice. Our marine electricians service boats at marinas all over the city, using fully-stocked company service vans.

### **Responsibilities and Duties**

Electrical systems on pleasure boats are specialized. Preference will be given to candidates that have experience with battery systems, chargers, inverters, DC & AC distribution, solar, and marine electronics. However, any candidate that has proven electrical skills, excellent workmanship, and a track record of performance in a service environment may be considered, especially with Red Seal designation.

Terms and compensation are based on experience and knowledge. All candidates must have top notch personal skills including:

- Fluent oral and written communications with team and clients
- Strong attention to detail, very good workmanship
- Highly efficient worker, strong work ethic
- Demonstrated troubleshooting skills
- Able to work with minimal supervision
- Hold a valid BC driver's license and clean driving record
- Have or provide personal marine electrical and electronics tool kit

The best candidates will have installation and commissioning experience on marine DC & AC systems as well as navigation, communication, and entertainment systems. Working knowledge of proper marine electrical standards (ie. ABYC Marine Electrical and NMEA Advanced Marine Electrical Installer certification or equivalent) is desired.

### **To apply**

Please send a resume that details your applicable skills and experience, and a cover letter that tells us why you'd like to work here, and why you'd be the ideal candidate for the role. Only qualified candidates will be contacted. References will be requested of short list candidates.

Job Type: Full-time
