## Sol-Go Flexible Solar Panels

**Sol-Go** panels are manufactured using industry-leading SunPower Maxeon cells, offering the highest power density on the market: 35% higher than some conventional cells.

**Sol-Go** panels offer excellent response to partial shading. Just one leaf can reduce many panels to 40% power output. Sol-Go panels retain 90% output under similar conditions.

**Sol-Go** panels offer a full **5 year** power and **2 year** product warranty.

<b>Sol-Go</b>	115-S	Monocrystalline	47" x 22"	\$398
<b>Sol-Go</b>	160T-S	Monocrystalline	62" x 22"	\$648
